

# VOXIO-T (Touch) accessories – Weather protection roof

## Weather protection roof VOXIO-T (Touch)

	<b>Material</b>	Stainless steel V2A
	<b>ca. dimensions in mm (width x height x depth)</b>	See document

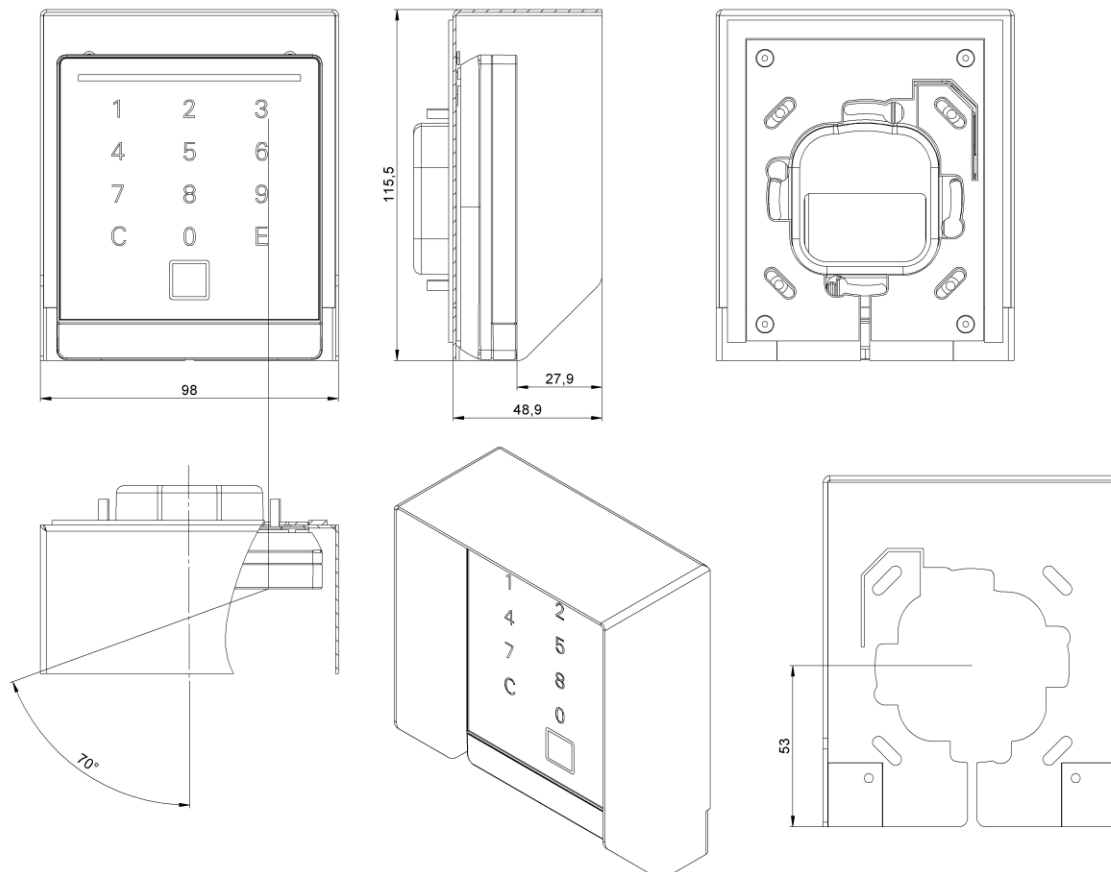

### Construction and dimensions flush-mounted variant

Sufficiently flexible, self-adhesive sealing tapes are included in the scope of delivery. The sealing tape is glued to the back of the weather protection roof. It prevents the ingress of water and foreign bodies.

**Depending on the nature of the plaster (grain size, etc.), the use of several sealing tapes is necessary!**
